## MEMORANDUM FOR THE DEPUTY DIRECTOR

SUBJECT: Serialization of "The Penkovskiy Papers"

1. This memorandum is for information only.

2. Mr. J.F. Ter Horst of the Washington Bureau of the DETROIT NEWS phoned me this afternoon at the request of the paper's editor, Martin S. Hayden. The paper has received notification from the N.Y. HERALD-TRIBUNE Syndicate, he told me, that it is preparing to offer a serialized version of "The Penkovskiy Papers." In the announcement, he added, it is claimed that "CIA has authenticated the document."

3. Basing my remarks on the memorandum received from M [redacted] of SR last May and recently confirmed when Mr. Cline received a query from Harry Schwartz of the N.Y. TIMES, I told Mr. Ter Horst that this Agency had been shown a prepublication manuscript of "The Penkovskiy Papers" by its editor, and that we did not comment on the contents, but on the face of it the material would appear to be authentic.

4. I have asked [redacted] to obtain for us a copy of the material which the syndicate is using to advertise the book.
